

Let's Have a Christmas Celebration!

Let's have a Christmas celebration!
Let's deck the halls with all the joy we can find
Let's have a Christmas celebration!
Sing a song of peace and good will to mankind!

Let's have a Christmas celebration!
Let's take a sleigh ride on the mountains of white
Let's have a Christmas celebration!
Come on everybody and join us tonight!

The holly, the tinsel, the tree, and the lights
The shopping and the traffic and the holiday sights
The packages all wrapped up with their ribbons and bows
And don't forget we need to hang the mistletoe!

Let's have a Christmas celebration!
Let's deck the halls with all the joy we can find
Let's have a Christmas celebration!
Sing a song of peace and good will to mankind!

Let's have a Christmas celebration!
Let's take a sleigh ride on the mountains of white
Let's have a Christmas celebration!
Come on everybody and join us tonight!

Jingle bells, jingle bells, jingle all the way
We'll never get our shopping done by Christmas Day
Silver bells, silver bells, listen to them ring
The choirs and the carolers are starting to sing "Gloria, Gloria"

Let's have a Christmas celebration!
Let's deck the halls with all the joy we can find
Let's have a Christmas celebration!
Sing a song of peace and good will to mankind!

Let's have a Christmas celebration!
Let's take a sleigh ride on the mountains of white
Let's have a Christmas celebration!
Come on everybody and join us tonight!
Come on everybody and join us tonight!
Come on everybody and join us tonight!
Tonight, tonight!
Merry Christmas!
